

Open-Ended Response

Name: _____

Date: _____

1. Here is a picture of a beach. Describe what the beach would look like after a hurricane. Is this a fast or slow change to Earth's surface?

2. A volcano is erupting. Is this a fast or slow change? How do you think the land will look afterward?

Draw a picture of how you think the land will look after the eruption.

Open-Ended Response

3. Describe another change to Earth's surface that happens quickly. What does the change cause?
